WORK EXPERIENCE

Tara Solutions, Kabul — *Full-stack developer*

DEC 2022 – 2023

Reference: Abbas Ataie, CEO of Tara Solutions

Email: abbas.ataie.montazer@gmail.com

- Developing **Gulbrag Cleaning Material Management system** for Sun Shine Group Company. The system includes Category Management, Product Management, Sales Management, and Financial Management. It is being built using React.js, Laravel, Ant Design, and incorporates comprehensive database design and management to ensure robust data handling and efficient system performance.

- Developing Shahre-Kodak ERP including HR Management, Stock Management, Product Management, Sales Management, and Store Management using **React.js, Laravel, and Ant Design**

- Implemented CI/CD pipelines to streamline deployment processes, ensuring efficient and reliable application updates.

- Managed GitHub repositories, coordinated code reviews, and maintained high code quality across development teams.

- Developed and integrated RESTful APIs to ensure secure and efficient data exchange across systems.
