Background:

Afghan Community and Health Rehabilitation Organization (ACHRO) is non-political, non-for profit, non-governmental organization registered on April 08, 2010 under registration # 1658 with the Ministry of Economy of GIROA. DUNS # of ACHRO is 561208134; ACHRO has also been registered or recognized as partner with more than 40 national and International organizations. ACHRO is active Partner of (UNHCR) and (WHH). ACHRO is directly and indirectly working with five line ministries with the government of Afghanistan including MoE, MoRR and MoPH. ACHRO has the widest network of civil society, local structures, and government line ministries in Afghanistan; Capacity building and livelihood programs have been the core activities of ACHRO; we have experience of conducting nationwide, regional, provincial, and local campaigns through our civil society networks. Our capacity building team including livelihood, public health and education team has been able to manage and implement different projects. ACHRO has developed innovative Women empowerment, public health and economical concepts and notions in addressing the WASH, nutrition SMEs and other health and non-health issues. Considering this, we can manage and implement different types of programs. Thus, the technical capacity present in ACHRO can be considered sufficient for the implementation of this proposed project. Most of the key staff has master degrees in their professional field.
