Enquiries to the Tender			
#	Date	Question	Answer
1	16-05-2024	As we are already registered with DRC, is it necessary to refill the DRC Supplier registration form and attached to the ITB?	Yes, for each and every tender you will need to attach not only SRF but all the required documents.
2	16-05-2024	What will happen to the price during the 90 days if the price of fuel goes up or down?	We need At least 90 days bid validity after bidding closure date. Bids shall remain valid for the period 90 days specified in ITB, It is acknowledged that fuel prices may fluctuate throughout the duration of this agreement. Consequently, DRC reserves the right to perform a market survey and revise the prices in alignment with market trends if the fuel prices exhibit a variation exceeding 15% in either direction. It is important to note that if the fuel prices remain stable, not showing any change within a two-week period, DRC will not proceed with the amendment procedure. Any potential amendments will only be considered after obtaining three to four market responses to ensure a fair and competitive pricing structure.
3	16-05-2024	How does DRC check the quality of fuel during the sample check and delivery?	DRC has its own fuel quality check tools to check the density of the fuel and will compare with the provided certificate from ANSA.
4	16-05-2024	How much fuel does DRC need per month in each province?	The fuel usage will vary at each location based on demand; however, in total, approximately 40,000 liters of fuel will be required each month for all locations.
