

# Tender Questions & Answers

FROM:	DANISH REFUGEE COUNCIL
Tender No:	ITB-AFG-AFC-014-2024
Tender Title:	Supply and Delivery of Diesel and Petrol Fuel
Tender Issuing Date:	20th September 2024
Tender Closing Date:	13th October 2024

Danish Refugee Council Afghanistan has in reference to above tender period received the following questions to the Tender, and hereby provides responsive answers by best endeavour to all relevant Vendors & Suppliers.

#	Enquiries to the Tender		
	Date	Question	Answer
1	25-09-2024	Fuel Delivery: Could you please provide further details that the said delivery location, we have to deliver fuel at DRC Compound or at Dedicated Fuel Station.	We require fuel delivery to two locations: Dedicated Fuel Station: This is for our vehicles, which refuel at this station KDH, HRT, and JAA. DRC Compound: This is for the generators located at the compound.
2	25-09-2024	Storage Capacity : I would appreciate clarification on the Said DRC Delivery Location Storage Capacity and frequency of Delivery according Average fuel Consumption to understand our resource engagement.	We have a fuel tank at our Country Office with a capacity of approximately 9,000 liters, from which we typically order around 6,000 liters per delivery as needed. Additionally, our guest house is equipped with a 7,000-liter fuel tank, where we also order about 6,000 liters per delivery. In our Kabul Area Office, we have a larger tank with a capacity of around 20,000 liters. For other locations, we generally order around 2,000 liters of diesel fuel as needed for our generators.
3	05-09-2024	Fuel Station Requirements: The current requirement specifies only petrol. There is no mention of diesel fuel needed for vehicles from the fuel stations. Could you please clarify if diesel is also required?	We required diesel fuel from fuel station as well in DRC Kandahar, Herat, Jalalabad and Kunar.
4	25-09-2024	Subcontracting with Fuel Stations: Is it permissible to subcontract with fuel stations for providing fuel for vehicles?	No
5	25-09-2024	On-Site Fuel Storage: Can we install storage tanks at your offices for fuel? This would allow us to supply fuel as needed, ensuring quality and availability whenever required.	No
6	25-09-2024	Diesel Fuel Density: The ITB package specifies a diesel fuel density of 830+. However, this year, the density is around 820+.	The diesel fuel L62-02 has a density of 830+ at 15°C.
7	25-09-2024	Contract Amendment for Price Fluctuations: Is it possible to amend the contract to allow for price adjustments if the price changes by 10% instead of the current 15% threshold?	No, 15% is applicable.

On behalf of DRC

Yours sincerely,

Supply Chain procurement
