# Farich Male Secondary School

The site plan illustrates the layout of the Farich Male Secondary School. The central feature is the 'Existing Building', a large rectangle with a width of 32m and a depth of 13m. To its left is a smaller structure labeled 'New Latrine' with a width of 13m and a depth of 20m. The entire school complex is situated within a larger plot that is 33m wide and 5m deep. The surrounding area includes 'Agricultural Land' to the north, south, and west, and a 'Mountain' to the east. Several 'Public House' structures are marked with small squares: three to the north, two to the south, and one to the west. A north arrow is located in the top right corner of the plan.
