## Note:

- ⇒ Based on the field information the Climate recently has been Changed in Oruzgan, so the supplier obligated to deliver and distributed the mentioned saplings to the specified/target districts/target communities (Deh Rahwod with two distribution points) of Oruzgan Province before end of January 2025.
- ⇒ Supplier should provide the saplings from Oruzgan & neighbor provinces of Logar like, Kandahar nurseries due to it would be good adaption with local climate, soil, water and will give positive results
- ⇒ All the certified Sapling should have a particular label of MAIL and ANNGO:
- ⇒ Before signing the contract with selected supplier IFRC & ARCS technical staff will do a nursery inspection to make sure the saplings are based on technical specification & saplings are without any diseases.
