

AFGHANISTAN TENDERS

BUSINESS OPPORTUNITIES AND PROCUREMENT SERVICES

عنوان پروژہ: Request for Proposal (RFP)

ادارہ پروژہ دهنده: UNICEF

تاریخ داوطلبی: 2025/02/12

تفصیلات:

UNICEF has now issued a Request for Proposals in order to select a supplier for the provision of Supply of Essential Medicines to Afghanistan for HER project.

This tender will be run through the UNICEF e-submissions system.

By clicking on the blue 'Express Interest' button in the UNGM tender notice, the full UNICEF e-submission system instructions to bidders document (including instructions on how to access the tender documents and submit an Offer) will be automatically emailed to the 'contact persons' indicated in your UNGM registration. Alternatively, the full UNICEF e-submission system instructions to bidders document is publicly available on the UNICEF supply internet pages here: https://www.unicef.org/supply/index_procurement_policies.html.

In the tender management site, if you navigate to the documents tab and opt in to confirm your intention to submit a Bid – you will then see the mandatory placeholders for your address and for submitting your Offer (you will also see if there are any documents to upload to complete your submission). As such, you are recommended to 'opt in' well before the submission deadline so you are clear exactly what documents are required to be uploaded prior to completing your submission.

Please note that in order to access the tender documentation through UNICEF's e-submissions system, vendors must: (i) be registered with UNICEF in UNGM as a company/NGO; (ii) have successfully completed all mandatory information currently required by UNGM when registering.

Please ensure that any files submitted as part of your Bid are not corrupt or damaged in any way. Please exercise particular caution when using compressed file. Any corrupt or damaged files may lead to your Bid being invalidated.

All vendors are strongly recommended to regularly log in to the UNICEF e-submissions system to check for any deadline extensions, new clarifications, new correspondence, or updated tender documents relating to this tender.
